David,

It was a crazy and long day today. We amended 3.54 as most people supported. However, after two months and 141 pages of input, it was unanimously conveyed to our Board — and personally very frustrating for me to learn —that there was no way for us to confirm if a person in our custody is documented or not.

I found that very disappointing. Obviously there was no support from anyone for calling ICE to pick up someone we didn't know was a US citizen or not, so nothing was changed in that respect.....M

Dear Supervisor Wasserman,

It would be my hope that in your work as my representative you would agree with me and many others and be able to see clearly enough to make a case in support of the DA's recommendation to change current detainer policy . I would hope that you have the strength to stand up to others that might choose to leave things as they are and rather support improved cooperation with U.S. Immigration and Customs Enforcement. We need to make changes so that anyone convicted of drug trafficking or human trafficking, or a serious or violent felony, or felony driving under the influence is not allowed freely back into our community.

Please support and make the changes to the detainer policies that will allow for the proper and sound sharing of information between federal and local authorities in a timely manner. Stop the atrocity of shameless and preventable crime from happening by repeat offenders and end this cycle of violence in our community.

Finding the right language to differentiate the violent from the non-violent shouldn't be that difficult. I have to believe there are great people that can help on all sides of this issue who all want the same thing – safety in our communities.

I'm unable to attend the meeting in person on June 4th about this issue, but I hope you'll do the right thing as my representative.

Thank you,
